List and Information of Nursing Colleges from India

This compilation is the complete list of Nursing Colleges from India and has been updated in the year 2013.

Information is provided at two levels. The first level is the basic information such as the address of the college. The second level information includes information such as the names of the principal, facility, Admission Procedure, Application Procedure, Eligibility Criteria, Fee Details, Hostel Facilities, Established Date, Management details, Courses like - BSc. Nursing, MSc. Nursing, MPhil and PhD if available. Selection, Criteria, Scholarship, Reservation and Eligibility Criteria.

Most entries have been verified however there maybe some entries that are old and that which are not updated by the college themselves.

The information has been segregated by States and Union Territories for easy reference. The number of seats in many colleges have increased and this may not be reflected accurately in this compilation. Some colleges may also have started some new courses too and this again may not be reflected in the current database.

The appendix section contains labels that can be cut and used for sending out letters. This has been done for the convenience of an end user.

Medindia revises its information every year and keeps it as current as possible. We welcome your suggestions, feedbacks and updates about any new Nursing colleges or any updated information about a nursing college in the provided list.

If you are seeking admission to Nursing Colleges we wish you good luck. Medindia thanks you for purchasing this college directory.

Medindia was first founded in 1997 to provide India centric health information to the people of this country. Medindia is proud to be among the top 10 health websites of the world. Over the years is has become one of the most trusted source of health information from India.
